

## Simple-to-choose-and-use homeopathic medicines for families and individuals

**Rapid, reliable relief:** Simple Medicinals provides a breakthrough collection of compound formulas that stimulate the body's natural healing response to provide rapid, reliable relief from common discomforts.

**Clean & natural:** All of our formulas are suspended in a base of purified water, GMO-free grain alcohol, and glycerin for good taste.

**Effective & efficient:** Our revolutionary spray delivery system provides the most modern, effective, efficient method for administering medications.

**High-quality, high-consciousness:** We are committed to sustainable, Earth-friendly thinking in every aspect of our business – from reducing fossil fuel waste in production to increasing availability of affordable, effective medicines for people everywhere.

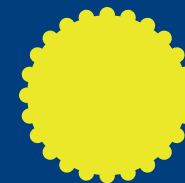

**Affordable.** One bottle of our high-potency homeopathic oral spray costs less than the co-pay on most insurance plans and never requires a prescription.

## Now, you can spray your way to optimum health

While putting tablets under the tongue is standard protocol for most homeopathic medicines, Simple Medicinals embraces a newer, faster, more effective protocol. Compared to tablets, our oral sprays are cleaner (no artificial binders or fillers), more pure (a 100% dose versus 1/8 that amount in a tablet-based dose), and faster-acting. By spraying a 100% dose directly under the tongue, the healing remedies enter the body immediately and bypass the digestive system which can slow absorption and degrade ingredients. Children and adults alike will enjoy this simple method for spraying their way to optimum health.

### Something for the health of every body in your family

Stock your medicine chest with the homeopathic oral sprays you might need. Then, you'll be prepared to relieve common conditions and discomforts quickly, naturally, and effectively, without side effects.

**Anti-Acne** For relief from symptoms of acne, such as oily skin, pimples, and blackheads

**Anti-Anxiety** For relief from symptoms of anxiety, such as excessive worry; muscle tension; irritability

**Arthritis** For relief from symptoms of arthritis, such as swelling and cracking of joints or rheumatic pains throughout back, limbs, shoulders, fingers, small joints, and muscles

**Children's Super Immunity** For relief from symptoms of a weakened immune system such as frequent colds; tendency to catch flus; or recurring allergy attacks

**Depression** For relief from symptoms of depression, such as feelings of helplessness or hopelessness; loss of energy or interest; and/or insomnia or hypersomnia

**Heartburn** For relief from symptoms of heartburn such as a burning sensation behind the breastbone after eating; a burning feeling in your throat; a sour or bitter taste in mouth; indigestion; and/or belching

**HGH Masculine** For relief from symptoms of male sexual fatigue, such as weak, delayed, exhausting, or incomplete erections and/or cold testicles

**Incontinence** For relief from symptoms of urinary incontinence such as difficulty controlling urination; inability to control urine flow when laughing, coughing, or sneezing; and/or a sudden, uncontrollable need to urinate

**Insomnia** For relief from symptoms of insomnia, such as difficulty getting to sleep; waking up frequently during the course of your sleep; or awakening too early

**Restless Leg** For relief from symptoms of Restless Leg Syndrome, such as crawly, tingly, itchy, or prickly sensations; burning aches or pains; or feelings of limbs being pulled when at rest

**Rosacea** For relief from symptoms of rosacea such as inflammation of the skin of the face; redness of the forehead, cheeks, nose, and chin; dilation of facial capillaries

**Shingles** For relief from symptoms of shingles, such as severe itching and prickling; stinging rashes and blisters; or deeply cracked, dry hands and scaly skin

**Super Immunity** For relief from symptoms of a weakened immune system such as frequent colds; tendency to catch flus; or recurring allergy attacks

**Tendonitis** For relief from symptoms of tendonitis or repetitive strain injuries, such as inflammation of the elbow, wrist, leg, knee, ankle, or hip

**Thinning Hair** For relief from symptoms of thinning hair, such as thinning hair along hairline or scalp or excessive hair loss on the scalp

**Toothache** For relief from symptoms of toothache, such as dull, throbbing tooth or gum aches; sharp, shooting tooth pain; or tooth sensitivity to temperature
